Dear Mr. Hetu:

This past week, as you may have heard, our service inadvertently tangled with yours briefly. Through the courtesy of your security office, we were able to avoid any unpleasantness.

In order that further such incidents may be avoided, we will make a courtesy telephone call to your office, or another office should you so designate, before coming to Langley for another stand-up. If you have another location at which you would prefer these to be done, please let us know. We have no desire to interfere with your operations in any way, and are well aware that your staff should not be compromised in any way.

I'd also like to thank you for the non-classified reports we've been getting in the mail. They have provided the material for several stories, and background for quite a few others.

At this time we would also like to renew our request for an interview with Admiral Turner. Of specific interest is the threat posed by the Agee group in Cuba, as well as the Snapp case.

If we can work something out, please give me a call.

Thanks again for your help.

Sincerely,

David Browde

Mr. Herb Hetu.
